DARWIN**

ABOUT THE BAND

The earliest brass band in the Northern Territory may be traced back as early as 1895 to the then early settlement of Palmerston. The Darwin City Brass Band has been an iconic and valued organisation since its inception in 1981. Proudly supported by City of Darwin, the band's identity as an accessible and essential community resource is built on a commitment in bringing Music to the Community. The Darwin City Brass Band is an inclusive and welcoming group that seeks new members of all musical experience.

Never played before? We'll teach you for free! Enjoying performing music in the community? We provide loads of opportunity for you to do that. From Anzac Day parades, community events, fundraising occasions, civic and ceremonial events, the band performs in a truly unique cultural geography.

The Darwin City Brass Band acknowledges that our activities take place on Larrakia Country. We recognise and pay our respects to the Larrakia People and their elders, past and present.
